

The safer Community Team at Stonehouse police station is working with the local Co-operative store to promote crime reduction and community safety. Neighbourhood Watch is an important player in helping to achieve the aims

The advertising screens at the store carry crime reduction and Neighbourhood Watch information. The Co-op is keen to expand their support and is assisting in a publicity and promotional drive to increase the number of Watches in the area.

The Valleys and Vale Neighbourhood Watch Association acknowledge the work undertaken at Stonehouse, particularly by PCSO Tracy Wren and the management and staff at the Co-op, to promote Neighbourhood Watch.
